Engineering & Mining Journal caught up with the leaders of Anglo American, First Mode, and other partners involved in developing the world's largest hydrogen-powered mining haul truck. In December 2019, First Mode announced a \$13.5 million agreement to develop technology for Anglo American's Future Smart Mining Program. A cornerstone of the project is the design and deployment of the world's largest hydrogen-fueled mining truck.

William Phipps Blake (June 1, 1826 – May 22, 1910) was an American geologist,
mining consultant, and educator. Among his best known contributions include being
the first college trained chemist to work full-time for a United States chemical
manufacturer (1850), and serving as a geologist with the Pacific Railroad Survey of
the Far West (1853–1856), where he observed and detailed a theory on ...
