History and Performance Tips. This classic children's song was written by Dr. Alfred B. Smith. Traditionally it is performed using the "audience echo" technique--after the 1st, 2nd and 4th lines of each verse, the audience echoes back the action referred to in the lyric. For example, the audience responds to the first line of the song ("If you're happy and you know it, clap your hands") by clapping their hands twice, on the second and third beats of the second bar of the line.
