But further studies by the Natural History Museum in Vienna proved that it was not in fact a meteorite, but artificially manufactured from an unknown source. It is thought that the coal that "produced" the Salzburg Cube was at least 60 million years old. Adding to the mystery of the Cube is how some people actually believe it to have vanished. The reasons for this range from it being part of a shadowy conspiracy to it simply being debunked as a worthless piece of rock and tossed away as ...
